

Schmidt House Tours for 2020

We have good news for those who have always wanted to enjoy a guided tour of the historic Schmidt House with Bob Crim but have found it difficult to attend during a weekday.

We have moved the monthly schedule for House Tours with Bob to the 2nd Sunday of the month at 2:00 p.m.

The 1 ½ hour tours lead visitors to each of the three upper floors and the basement archives level of this 1904 home. Bob has 60 years of personal stories for every room in the house and closes out each tour with a true-to-life ghost story and tells how he got the job as a teenager. Bob is now 82 years young and going strong.

Due to the anticipated increased response, we are limiting each tour group to 15 people or less. This means we are now asking for reservations for the tours. Call the Public History Manager at 360-786-8117 or email him at: history@olytumfoundation.org.

The tours are free, but donations are greatly appreciated to continue this popular program of the Olympia Tumwater Foundation .
