September 15, 2021

The Olympia Tumwater Foundation, in its efforts to increase and enhance educational programs in Thurston County, is dedicated to providing educators with funds to implement and administer learning opportunities that go beyond the *basic available funding* of their programs. This is reflected in our mission statement: To invest in early learning opportunities that contribute to a solid foundation for lifelong success.

Grants are offered to school districts, early childhood education programs, and K-3 curriculums located in Thurston County. Acceptable programs will assist children anywhere from birth through third grade. Individual grants vary in size from around \$300 to \$3,000. Funds must be used specifically for this grant request. Applications for teacher/staff training are excluded.

The Foundation goals for this grant program include:

- To stimulate student creativity and motivation to learn.
- To enhance the current learning environment.
- To leave a lasting impact on as many students as possible.

The Olympia Tumwater Foundation has funded over \$150,000 in early learning grants to deserving Thurston County educators since 2006.

More information and applications are available at www.OlyTumFoundation.org under the **SCHOLARSHIPS & GRANTS** tab. Click [here](#) to go directly to our Grants site.

Questions may be directed to John Freedman at the Foundation office at 360.943.2550.
